Voice of the Residents:

Joe Sindoni of Airport Seniors was present representing the 100+ residents of Airport Seniors Community and Chelsea Park. On December 10th, a double-wide caught fire at 49 Cessna St. in the Airport Seniors Park. The fire company had to run hose 3/10 of a mile for water. They had to be assisted by tankers because there was not a hydrant close enough. The tankers took 20 minutes to get there. They are requesting another hydrant be installed on Cole Street ‘between’ the two parks. Discussion was held. Robin will get with Bob and the water company to see what will be needed to add a hydrant, and at what location.

Dave Steinfelt was present for the Athens Township Volunteer Fire Company with a letter requesting Act 13 funds in the amount of $47,131.92, which is the total of 12 payments on the ladder truck purchased due to the impact of the natural gas industry and development it has brought to our area. They intend to pay this lump sum to the bank against the ladder truck loan. The fire company has felt the direct impact of the gas industry both in time and finances, and respectfully request Impact Fee funds for this purpose. No action was taken.

Dave Steinfelt also advised the Board that Chief Bob Birks has set up a meeting to revise our ISO rating again, which would result in better insurance rates for township residents. He also reminded the Board that ATVFC is hosting a ‘get together’ for Bill Campbell on August 1st at 6 PM. Bill will be relocating to Ohio and is a Charter Member of the fire company with 40 years of service.

On motion of Ron, second by George, it was unanimous to approve payment of the monthly bills as presented. A complete listing of revenues and expenditures is on file in the office of the Treasurer.

Richard Bean reported for the Parks and Recreation Commission. He is having issues with the project not staying on budget, change orders and mistakes. The Board would like Richard to get with John Thompson and send a letter to Haas. Stephanie Bump gave a presentation to the Park Commission on Geocache. They have 2 caches in the park now and would like to put more there. They need someone to draft a drawing and a Bill of Materials for the picnic tables for the new pavilions. Meade is working on this. They will also need a place to build them this winter. They will be installing more fencing at the Jim King Memorial Park this fall. They applied for a Bradford County Impact Fee Grant. They need larger “Closed at Sunset” signs for the park. Discussion was also held on “Do Not Enter” signs to keep traffic in a one-way direction around the circle at the top of the park. They are also purchasing the old ATV from the police department. Discussion was held concerning the transfer of funds from the Park account for this to the police department. On July 7, 2015, Richard had given written authorization for $5000 to be transferred to the police for this. The title is in the name of “Athens Township”, so this will be an internal transaction. Cheryl said an invoice will not be required for this, and made a motion that Ruth
transfer $5000 from the Parks account to a revenue line item (newly created, if necessary) in the Capital Purchase account for “Police”. This was seconded by Ron and was unanimous.

Susan said they have been looking for a chassis to put our box on (from the old Mack) and found a used one at Watson Diesel. It’s an older Sterling truck, automatic with 32K miles on it. Ron asked if we can still get parts for it and Susan said they tell her yes. She said they will go over the whole truck and replace anything that needs it – and will give us a 1-year warranty. Robin was approached by Robyn D’Anna concerning the possibility of a buyout for 1488 Wildwood Road. This would be through a CDGB grant and not through PEMA. Robyn says there would be no funds required from the township. The Board asked Robin to get more information on this from Robyn.
